

A major advantage of a sole proprietorship is that _____. the owner is completely responsible for the business decisions the owner has no liability for the debts of the business the owner must be able to maintain and run the business independently it is relatively easy to borrow money for the business

A major advantage of a sole proprietorship is that the owner is completely responsible for the business decisions.

A sole proprietorship is a type of enterprise that is owned and run by one natural person and in which there is no legal distinction between the owner and the business entity. The owner is in direct control of all elements and is legally accountable for the finances of such business and this may include debts, loans, loss, etc.

Answer:

A. it is relatively easy to borrow money for the business

Use the correct form of the verb ser or estar:

Tú _____ policía.

Why would the majority of European immigrants to the United States settle near cities?

Which technique helps to distinguish an object from its surroundings?

A recipe includes 8 cups of flour and $\frac{2}{3}$ third cups of sugar right the ratio of the amount of flour to the amount of sugar as a fraction in simplest form

What climate type is often created by the rain shadow effect? a. a climates

b. b climates

c. c climates

d. d climates?

A happiness survey with normally distributed scores with mean 5.5 and standard deviation 2.3 was administered to IT workers in healthcare. a) Find the probability that a randomly selected participant's response was greater than 5. $z = \frac{5 - 5.5}{2.3} = -0.2174$ $P(Z > -0.2174) = 0.4129$ $1 - 0.4129 = 0.5871$ b) Find the probability that a randomly selected participant's response was between 4.5 and 6.5. $z_1 = \frac{4.5 - 5.5}{2.3} = -0.434783$ $z_2 = \frac{6.5 - 5.5}{2.3} = 0.434783$ $P(-0.434783 < Z < 0.434783) = 0.6664 - 0.3336 = 0.3328$ c) Find the probability that the mean of a sample of 16 selected participant's response was between 4.5 and 6.5.

Which of the following resources are NOT often reduced as a result of urban development? Pollinators

Energy

Land

Water

?

What is a statement in a story seems contradictory but actually presents a deeper truth

Which of the following is an advantage to using cash? A rewards

B good record keeping

C may have protection when stolen

D no debt

What is the difference between a homogeneous and a heterogeneous mixture

What religion spread across India during the Gupta empire

Which of the binomials below is a factor of this trinomial? $4x^2 - 7x - 15$

O A. $2x - 5$

O B. $4x + 5$

O C. $2x + 5$

O D. $4x - 5$

Rename the number 805

Find the GCF of this number 17,22

A soccer ball, which has a circumference of 70.0 cm, rolls 14.0 yards in 3.30 s .

A cylindrical roller 2.5 m in length, 1.5 m in radius when rolled on a road was found to cover the area of 16500 m² . How many revolutions does it make ?

Earth's fresh liquid water is found as surface water and ?

which type of strength training uses machine-generated forces to increase muscular strength and endurance

1. [Home](#)
2. [More Solution](#)
