

Solve. $x + 4 - 7x = 22$

$$x + 4 - 7x = 22$$

Combine like terms

$$-6x + 4 = 22$$

Subtract 4 from both sides

$$-6x = 18$$

Divide both sides by -6

$$x = -3$$

move +4 to the right side of the equal sign

$$x - 7x = 22 - 4$$

combine like terms

$$-6x = 18$$

divide -6 both sides and x will be.....

$$-3$$

Which value is equivalent to the expression shown? $-5(3 \cdot 2 \cdot 4)$

What is $\frac{3}{14}$ divided by $\frac{4}{7}$? Answers: A $\frac{3}{8}$ B $\frac{12}{21}$ C 2 and $\frac{2}{3}$ D $\frac{3}{4}$

If a man expected to be drafted why did he often sign up voluntarily first

What kept the Cold War from being a "hot" war

Your choices Question:

Discuss TWO of the three purposes of the Georgia colony according to the Charter of 1732.

You must use complete sentences when writing your response.

Type your answer below:

Why is it important to verify a customer complaint? A. Because some customers unknowingly give a false diagnosis

B. Proper diagnosis will save time and money

C. Some problems customers complain about are not really problem, but normal operation

D.

All of the above

James went to a local fair. In addition the entrance cost, there is a fee per individual ride. after going on five rides, he had spent a total of \$12.25. After going on twelve rides he had spent \$21. What is the rate of cost per ride.

Which religion is most common in southwest asia and north africa?

Imagine that you are standing 5 feet from, and looking directly toward, a brass ball (a convex mirror) 1 foot in diameter. Describe the image you would see in the ball (a) Determine the image distance. (b) Is this a real or virtual image?

How you can find the common factors and the greatest common factor of two numbers

The Magna Carta was important because it A. was the first constitution.

B. created the English Parliament.

C. strengthened the idea that a monarch's power was limited, not absolute.

D. made every male in England a "free man."

Is $20/9$ A) Q, R

B) Z, Q, R

C) W, Z, Q, R

D) I, R

(W) whole number

(R) real number

(Q) Rational number

(N) natural number

(Z) integer

(I) irrational

What is the number of protons electrons and neutrons in the element Oxygen

right triangle LMM has vertices L(7,-3), M(7,-8), and N(10,-8). the triangle is translated on the coordinate plane so the coordinates of L' are (-1,8). which rule was used to translate the image

It is January and Haley, Sarah and Becky are tired of having cold feet while waiting for the school bus to come in the morning. They decide to design an experiment to test the effectiveness of wool, cotton and nylon as insulators. They fill identical bottles with 200 ml of water at 100 C and place inside each sock. They take the temperature of the water after 20 minutes. What is the Independent variable (manipulated variable) in the following experiment?

Question 2 options:

Identical bottles with 200 ml of water.

The different types of sock materials as insulators.

The temperature after 20 minutes.

Having cold feet.

Which of the following is not a way to gather information for a problem-and-solution essay?

Mark has opened two credit cards in the last year. Use the information on each credit card located in the table below to answer the question that follows.

Account Name	Account Number	Date Opened	Balance	Past Due	Account Status	Credit Limit
--------------	----------------	-------------	---------	----------	----------------	--------------

Plug-It-In Electronics Credit Card	xxxx	2/9/11	\$1,631.85	\$0.00	PAYS AS AGREED	\$9,000
------------------------------------	------	--------	------------	--------	----------------	---------

Handy Hardware Credit Card	xxxx	12/15/10	\$245.78	\$0.00	PAYS AS AGREED	\$3,500
----------------------------	------	----------	----------	--------	----------------	---------

What is the debt-to-credit ratio of the Handy Hardware Credit Card? (3 points)

7.02%

15.02%

18.13%

What is your school schedule like? Make a chart of your schedule in French similar to the one that you saw for Valérie above. Be sure to use course names in French and the ordinal numbers to put things in order as you have them during the day. Then, for the second part of the assignment, write a paragraph of 4-5 sentences in French talking about your classes. Pls help asap
