

**About 2,000 small islands make up _____, which sits just east of the Philippines. Pacifica
Polynesia
Micronesia
Melanesia**

I think the answer is Polynesia but I am not 100% sure. A little help?

Answer:

I believe it's Micronesia, C.

Explanation:

Hope my answer has helped you!

People could keep their own religion People could keep their own customs

People could keep their own language

People could keep some of their own laws

Corrs Company began operations in 2016 and determined its ending inventory at cost and at lower-of-LIFO cost-or-market at December 31, 2016, and December 31, 2017. This information is presented below: Cost

Lower-of-Cost-or-Market

12/31/16 \$356,000 \$327,000

12/31/17 420,000 395,000

(a) Prepare the journal entries required at December 31, 2016, and December 31, 2017, assuming that the inventory is recorded at market, and a perpetual

inventory system (cost-of-goods-sold method) is used.

(b) Prepare journal entries required at December 31, 2016, and December 31, 2017, assuming that the inventory is recorded at market under a perpetual system (loss method is used).

(c) Which of the two methods above provides the higher net income in each year? Both, COGS Method, or Loss Method?

When providing client teaching about the administration of methylphenidate (ritalin) to a parent of a child diagnosed with adhd, which instruction should the nurse include in the teaching plan?

What is the answer of 5.35/6
